

To all Town Clerks and Registrars of Voters:

Below you will find the districts selected for audit after the November 2018 state election. The districts selected as “Alternates” will only be used if one of the primary districts selected cannot be used. We will notify you separately of this happens and will select the alternate districts in the order in which they appear below. You can begin your audit at any time after November 20, 2018 and must be completed no later than November 28, 2018. We have attached a copy of our most recent Audit Manual for your review. As with years past, we realize the turnaround time period for the audits in a state/federal election is short. CGS Section 9-320f states:

Sec. 9-320f. Manual or electronic audit of votes by registrar of voters or town clerk. Offices subject to audit. University of Connecticut analysis. Discrepancy recanvass. Voting tabulator failure to record votes. Secretary of the State investigation and report. Regulations. Definitions. (a) **Not earlier than the fifteenth day after any election or primary and not later than two business days before the canvass of votes by the Secretary of the State, Treasurer and Comptroller, for any federal or state election or primary, or by the town clerk for any municipal election or primary, the registrars of voters shall conduct a manual audit...**

This year we are required by state and federal law to certify the vote totals on November 28, 2018 which means you must complete your audit no later than November 27, 2018. The offices required to be audited are: **State Senate, State Representative and Judge of Probate.**
